

# Little Spuds 2010

Come Join the Little Spuds gardening program at Spring Bluff Nursery for kids ages 4 to 10. The 2010 program offers continuous gardening classes that take kids on a journey from planting to harvest. We'll plant, watch, learn & harvest our very own garden, *so please dress appropriately*. All classes are \$5 ea. Or \$45 for all 10 classes. We request that you pay in advance when registering for the class. Every class will be held rain or shine. If weather is poor we'll have other activities held indoors. Call Brooke at 466-4278 x302 to register your child for any activities that are listed below beginning March 1, 2010. You may pick & choose which classes your child attends, but we feel attendance at all or most classes will lead to a better understanding of gardening. **Be sure to sign up in advance as class sizes are limited.** We ask if your child needs to cancel to please call in advance as we will most certainly have a waiting list.

**Please Note: Parents must remain on premises. You may shop, enjoy the display gardens or follow along with the class.**

**April 10 - Saturday, 9:00 am - "Beginning to Grow-1"** - We will be sowing our starter vegetable & flower seeds in flats in the greenhouse in preparation for the garden. Luffa gourds, broccoli, peppers, tomatoes & eggplant. We will also paint containers for growing potatoes. (We will be using permanent paint so dress appropriately.)

**April 24 - Saturday, 9:00 am - "Beginning to Grow-2"** - Join us as we plant onions, peas, green beans, radishes, potatoes and popcorn in the garden. We will discuss popcorn while snacking on it from last year's crop!

**May 8 - Saturday, 9:00 am - "Gourd Birdhouses"** - Today we will use gourds grown in last year's garden for making a birdhouse. Gourds will be drilled and "wired" for hanging and then painted and decorated. (We will be using permanent paint so dress appropriately.)

**May 22 - Saturday, 9:00 am - "Transplanting from the Greenhouse"** - We will be planting the veggies we started in the greenhouse into our vegetable garden today. Other plants already sown in the garden will be checked on for growth progress.

**June 5 - Saturday, 9:00 am - "Pine cones, critters and feeders"** - Today we will be using pine cones to create a special critter. We will also be using pine cones to make outdoor feeders for birds.

**June 18 - Friday, 9:00 and 11:00 am - "Step-by-Step"** - Garden Stepping Stones - This session we will be making stepping stones for our garden. One for the garden at the nursery and one to take home after next week's class. Bring in any additional items you would like to decorate with. (Beads, glass, etc.)

**July 9 - Friday, 9:00 am - "Let's Rock!"** - Join us as we create Rock People & Animals out of rocks and "tillandsias," plants without roots.

**July 23 - Friday, 9:00 am - "Want Pizza? Go Take a Hike!"** - We will be taking a special hike and collecting items for making a pizza! Then we will eat our creations!

**August 6 - Friday, 9:00 am - "What's buggin' You Toad-day?"** - Today we will go exploring for bugs and toads. Those attending this class should bring a bug to class. We will give a prize for the 3 best bugs! Also, "Bees and their job," "The Lady is a Beetle," and worms, the praying mantis, spiders and butterflies!

**August 21 - Saturday, 9:00 am - "A Pickin' Party"** - This is our year end harvest day and party complete with ice cream and making scarecrows.
